HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—The most recent version of the statute containing the section number and the date.

Rules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons and findings which support its conclusion that there is an immediate danger to the public health, safety or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

Rules filed as emergency rules may be effective not less than ten (10) days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

All emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

Title 10—DEPARTMENT OF NATURAL RESOURCES Division 20—Clean Water Commission Chapter 7—Water Quality

EMERGENCY AMENDMENT

10 CSR 20-7.050 [General] Methodology for Development of Impaired Waters List. The division is amending section (4).

PURPOSE: *This amendment incorporates by reference the detailed methodology for listing impaired waters. The emergency amendment will allow the state to complete the development of the 303(d) Impaired Waters List within the schedule mandated by the Environmental Protection Agency and meet the statutory requirement that the methodology be promulgated in accordance with Chapter 536, RSMo.*

EMERGENCY STATEMENT: *The Impaired Waters List identifies water throughout the state affected by pollution to the extent that the designated beneficial uses of the waters are unattainable. In some instances, the pollution is a current threat to public health. The list places priority on developing plans to promptly restore the quality of the affected waters. The state is required to produce a list April 1 of each even-numbered year. The Clean Water Commission finds a compelling governmental interest requiring this emergency action because the commission is now developing a proposed and final list of impaired waters pursuant to section 644.036, RSMo, effective August*

*28, 2006. An amendment to this rule is needed to accurately reflect the methodology or data used by the commission to develop the proposed list. The department is unable to request the commission's adoption of a list until the methodology used in developing the list is promulgated into rule. The urgency to move forward under an emergency amendment is necessary to allow the state to quickly begin plans to eliminate water pollution that threatens the public health. This emergency amendment will dissuade the Environmental Protection Agency from dictating a list to Missouri in order to address the state's delay in producing the list and the public health threat. The Clean Water Commission finds a compelling governmental interest requiring this emergency action because of the importance of submitting the list within the required time frame. The Clean Water Commission approved a methodology at the June 7, 2006, meeting after several stakeholder meetings and a sixty (60)-day comment period. The department is preparing a draft list of impaired waters based upon that methodology. A hearing will be held on the list at the January 9, 2007 commission meeting. The final list will be presented to the Clean Water Commission on March 7, 2007 and the Missouri Department of Natural Resources will request approval of the list at that meeting. The scope of this emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the *Missouri* and *United States Constitutions*. The Clean Water Commission believes this emergency amendment is fair to all interested persons and parties under the circumstances. This emergency amendment filed October 16, 2006, effective October 26, 2006, expires April 23, 2007.*

PUBLISHER'S NOTE: *The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.*

(4) Creation of the Proposed 303(d) List.

(A) The department shall develop a detailed methodology for identifying waters that are impaired and shall submit the methodology to public review prior to the development of an impaired waters list. The methodology shall include an explanation of how data are used, how the data are evaluated to determine impairment, and how a list of impaired waters is developed. The development of the methodology shall involve at least one (1) stakeholder meeting inviting all persons expressing an interest in the methodology and a sixty (60)-day comment period on the final draft. *[The detailed methodology referenced in this paragraph shall be promulgated by the commission through rulemaking procedures in the manner specified in Chapter 536, RSMo.]*

(B) *[The department shall propose for public comment a preliminary listing of impaired waters for no less than a sixty (60) day public comment period. Any comments received during the comment period shall be discussed and considered through a stakeholder meeting prior to the department proposing a rule to the Clean Water Commission under subsection (4)(C) of this rule.]* The methodology established in accordance with subsection (4)(A) of this rule is hereby incorporated by reference and is known as the "Methodology for the Development of the 2006 Section 303(d) List in Missouri," Missouri Department of Natural Resources, Division of Environmental Quality, Water Protection Program Approved by the Clean Water Commission on June 7, 2006." No later amendments or additions are included. This document shall be made available to anyone upon written request to the Department of Natural Resources, Water Protection Program, Water Pollution

Control Branch, PO Box 176, Jefferson City, MO 65102-0176. The department will maintain a copy of this document at <http://www.dnr.mo.gov/env/wpp/waterquality/2006-methodology.pdf>.

(C) The 303(d) list *[developed pursuant to subsection (4)(B) of this rule shall be promulgated by the commission through rulemaking procedures in the manner specified in Chapter 536, RSMo, and, upon its effective date, the list shall be consistent with the detailed methodology developed pursuant to subsection (4)(A) of this rule. The 303(d) list shall be due to pollutants and no water shall be placed on the list without data on the specific waters being proposed and data that meets the minimum qualifications under subsection (2)(C) of this rule. The public comment period during the rulemaking shall be no less than sixty (60) days.]* shall be developed in accordance with section 644.036.5, RSMo and in accordance with the methodology set forth in subsection (4)(B) of this rule.

AUTHORITY: section 644.026, RSMo 2000. Original rule filed Nov. 5, 2003, effective July 30, 2004. Emergency amendment filed Oct. 16, 2006, effective Oct. 26, 2006, expires April 23, 2007.

The Secretary of State shall publish all executive orders beginning January 1, 2003, pursuant to section 536.035.2, RSMo Supp. 2005.

Under this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbolology under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety (90)-day-count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

Boldface text indicates new matter.

[Bracketed text indicates matter being deleted.]

**Title 1—OFFICE OF ADMINISTRATION
Division 20—Personnel Advisory Board and Division
of Personnel
Chapter 4—Appeals, Investigations, Hearings and
Grievances**

PROPOSED AMENDMENT

1 CSR 20-4.010 Appeals. The Personnel Advisory Board is amending subsections (3)(A) and (B).

PURPOSE: This amendment is necessary because the original version only provided four (4) days, which the board determined to be an inadequate amount of time, and there needed to be a designation as to whether it was calendar or business days. Also, this amendment is necessary to clarify that no post-hearing motions or rehearings are granted by the board, and that if any are filed, the board does not have to convene a special meeting to address such motions.

It is also necessary to provide direction to the parties on attorney's fees, as a fair number of parties have been confused about this issue.

(3) Appeals Must Be Submitted and Hearings Conducted Following the Procedures and Guides Provided in this Rule.

(A) Appeal submission and preparation for hearing are governed by the following provisions:

1. Appeals shall be written. The appeal may be filed by fax, by mail or by other delivery to the board's office. The written appeal must provide substantially the following information: appellant's name; appointing authority and agency; the type of disciplinary action appealed; the effective date of the disciplinary action; the appellant's reason for appealing the disciplinary action; the appellant's response to the reasons given by the appointing authority; names of witnesses to be subpoenaed if a hearing is granted; a detailed description of any books, papers or records to be subpoenaed, along with their location, and a statement of the reasons that the items are needed for the hearing; the name, address, telephone number and signature of the appellant's attorney, if any; the appellant's signed acknowledgement and certification of truth for the information supplied in the written appeal;

2. The appellant may file the appeal on the form for appeal prescribed by the board. The information required for completion of that form shall be deemed sufficient to satisfy the requirement for a written appeal. The board will provide to the appellant or to the appointing authority, on request, a copy of the current form for appeal. The appointing authority shall deliver a copy of the form to an employee receiving any appealable disciplinary action. The completed form or other written appeal must be received at the office of the board within thirty (30) days after the effective date of the disciplinary action appealed. A copy of the appellant's contentions set out in the appeal will be furnished to the appointing authority;

3. A party may file a document by—

A. Registered or certified mail. A document filed by registered or certified mail is deemed filed on the date *[shown on the United States Post Office records]* that it is delivered to and received by the board;

B. Electronic facsimile transmission (fax). A document filed by fax is deemed filed at the time the board receives a fax of the complete document, **provided that the original of the document is sent to the board and received within ten (10) business days of the fax.** If a document arrives by fax after 5:00 p.m. and before 12:00 midnight or on a Saturday, Sunday or legal holiday, it is filed on the board's next business day, unless the board orders otherwise;

(I) The time controlling when a fax arrives at the board's office is the board's fax machine's journal;

(II) The person fax filing a document bears the risk of loss in transmission, nonreceipt or illegibility. If the document is not received or is materially illegible, the document is deemed not filed and totally null and void for all purposes;

[(III) If the original document is not received by the board within four (4) business days following the fax filing, the document is deemed not filed and totally null and void for all purposes;]

[(IV)](III) Any party or attorney who lists a fax number on a letterhead or pleading in the case file or in a telephone or professional directory or otherwise shall be deemed to have consented to receive service of documents by fax from the board or any other party or attorney; or

C. Any other method. A document filed by any method other than registered mail, certified mail or fax is deemed filed on the date the board receives the document in its office;

4. A party filing by fax shall—

A. Notify the board in advance, if possible, of its intention to file the document by fax;

B. Fax the document to the board's dedicated fax number;

C. Fax the document, if possible, to all other parties having electronic facsimile equipment. If unable to fax, a party shall notify

all other parties of its intention to file the document by fax. The notice need not be in writing. A good faith attempt at compliance with this notice requirement shall satisfy the requirements of this subparagraph. This subparagraph does not apply to fax filing of the original appeal;

D. Send the original signed document to the board;

E. Certify in the documents—

(I) The method of notice used to fulfill the requirements of subparagraph (3)(A)4.C. of this rule; and

(II) Compliance with the requirements of subparagraph (3)(A)4.D. of this rule; and

F. Send a copy of the document to all other parties except when filing the original appeal;

5. Appellants may represent themselves and handle their own cases but shall have the right to be represented by duly licensed attorneys. A party to an appeal cannot be represented by anyone other than a duly licensed attorney except that the appointing authority may appear by an employee in the agency. If either party intends to employ and be represented by an attorney, that party promptly shall notify the Personnel Advisory Board of the name and address of his/her attorney;

6. If either party to an appeal desires the issuance of a subpoena for any witness or records at any hearing, that party must apply for it sufficiently in advance of the hearing that the subpoena may be delivered to the requesting party by mail or by fax at least one (1) day before the hearing. The requesting party shall provide the name and address of any witness subpoenaed, a detailed description of any records to be subpoenaed and a statement of what is intended to be proved by the records. The Personnel Advisory Board issues the subpoena by request, but the service of the subpoena rests in the hands of the party requesting it. Service of the subpoena is to be effected in accordance with section 536.077, RSMo;

7. Upon the acceptance of an appeal, the appellant and appointing authority or their representatives may meet with the Personnel Advisory Board, at a time and place set by the board for a prehearing conference to determine the facts at issue. At the prehearing conference both parties may stipulate on mutually agreed matters relevant to the disciplinary action or the appeal may be resolved by agreement of the parties. If, during the prehearing conference, the case is not resolved and the appeal goes forward to a hearing before the Personnel Advisory Board, the board may confine the hearing to the law and facts at issue as stipulated by mutual agreement of the parties to the appeal. All parties are required to provide the board with a current address and telephone number. If the appellant fails to provide the board with a current address and telephone number and cannot be reached to schedule a prehearing conference, or does not participate in the prehearing conference after receiving written notice of the date, time and location of the prehearing conference, it shall be deemed that the appellant no longer wishes to proceed with the appeal and is withdrawing the appeal;

8. All motions or other pleadings by the parties shall be submitted in writing with a copy served or mailed to the opposing party. Parties to an appeal may amend their pleadings as a matter of course at any time before a responsive pleading is filed and served or if the pleading is one to which no responsive pleading is required and the action has not been set for hearing, the party may so amend it at any time within thirty (30) days after it is filed. Otherwise, a party may amend a pleading only by leave of the Personnel Advisory Board or by written consent of the adverse party; and leave shall be given freely when justice so requires. A party shall plead in response to an amended pleading within the time remaining for response to the original pleading or within ten (10) days after service of the amended pleading, whichever period may be the longer, unless the Personnel Advisory Board otherwise orders; and

9. Service of filings other than the original appeal:

A. Unless otherwise provided by these rules or by other law, any party to a proceeding before the board or any person who seeks to become a party shall serve upon all attorneys of record and unrepresented parties a copy of any document or item the party files;

B. Methods of service.

(I) A person may service a document on an attorney by:

(a) Delivering it to the attorney;

(b) Leaving it at the attorney's office with a secretary, clerk or attorney associated with or employed by the attorney served;

(c) Mailing it to the attorney's last known address; or

(d) Facsimile transmitting (faxing) it to the attorney's last known fax number;

C. Any document or item filed shall contain or be accompanied by a certification of how and when the filing party has met the provisions of subparagraph (3)(A)9.A. of this rule; and

D. The requirements of this paragraph shall not apply to an original appeal.

(B) Hearings Procedure. The conduct of hearings before the Personnel Advisory Board is subject to the following provisions:

1. Hearings will be held in the Office of the Personnel Advisory Board in Jefferson City, Missouri, unless a different location is specified by action of the board;

2. If no prehearing conference has been held, the board will make a determination of what questions are at issue based upon the notice of the disciplinary action and the appellant's contentions in the appeal prior to the taking of testimony. The hearing shall be confined to and come within the scope of law and facts that the board has determined to be at issue. The board may exclude evidence which is purely cumulative;

3. The person who imposed the discipline is to attend the hearing. If that person is not the appointing authority, it must be the subordinate to whom authority has been delegated. The person who imposed the discipline does not have to attend the hearing if:

A. The appellant has waived his or her attendance;

B. The parties agree to present his or her testimony by other means such as stipulation, affidavit, or testimony over the telephone or if either party wishes to present the testimony by deposition; or

C. He or she is unable to attend the hearing and the absence of his or her testimony would not unduly prejudice the appellant;

4. If the person who imposed the discipline is unavailable to provide his or her testimony for the hearing and the board determines that not having this testimony unduly prejudices the appellant, then the board may disapprove the appellant's discipline;

5. The person conducting the hearing will read a statement citing the appropriate sections of the merit system law applicable to appeals;

6. The person conducting the hearing will read the charges of the appointing authority and the contentions of the appellant. By agreement these documents may be inserted in the record without reading before commencing the taking of testimony;

7. All witnesses will be sworn or affirmed. When possible, witnesses will stand to be sworn or affirmed;

8. The Personnel Advisory Board, on request of either party or on its own motion, may order that the witnesses be separated so as to preclude any witness, other than the parties and their attorneys, from hearing the testimony of other witnesses. When requested by the appellant, only one (1) person in addition to counsel shall remain in the room to represent the appointing authority;

9. The appointing authority will be required to present his/her case first. Experience has shown this method gives the board a clearer and quicker picture of the issues. This is not a shift of the burden of proof, but is only the burden of going ahead with the proof;

10. The Personnel Advisory Board may take notice of its rules, the class specifications, official records of the Personnel Division and the pay plan without the necessity of an offer in evidence;

11. The Personnel Advisory Board may fix the total time to be allowed for oral argument;

12. At the hearing the entire proceedings will be tape recorded. After the board announces its findings of fact, conclusions of law, decision and order, or at an earlier time if the board determines that the interest of efficient administration would be served, a copy of the recording, will be made available to either party. The board will not transcribe the record from aural to written form. The cost of a transcription will be borne by the requesting party. The transcription may be performed by any commercial business or agency selected by the

requesting party. The board will forward directly to the selected business or agency a copy of the aural recording;

13. No rehearing, which includes any post-hearing motion other than a **Nunc Pro Tunc, Request for Attorney's Fees or Motion for Back Pay**, shall be granted from a final decision of the Personnel Advisory Board. **Should such a post-hearing motion be filed, it shall be deemed denied by the board and no ruling from the board is necessary**; however, at any time prior to issuance of the decision, the board may require the production of additional documents and records, the presentation of additional testimony after prior notification to both parties, or both;

14. When the board issues an order dismissing an appeal or its findings of fact, conclusions of law and decision, that order is a final decision on the merits and may be appealed as provided in Chapter 536, RSMo. A motion for attorney's fees, if any, is due to the board within thirty (30) days of its dismissing an appeal or its findings of fact, conclusions of law and decision. The filing of a petition for judicial review or the fact that back pay has not been determined does not stay the thirty (30)-day requirement for filing the motion for attorney's fees with the board.

[14.]/15. An appeal set for hearing may be continued by the Personnel Advisory Board for cause deemed sufficient or by consent of both parties to the appeal. However, a continuance will not be granted except for compelling cause or to serve the ends of justice. If an appellant requests and is granted a continuance, the Personnel Advisory Board, in its discretion, may deny the appellant any compensation for that portion of time lost by reason of the continuance made at the request if the appellant's appeal is finally sustained. If an appeal scheduled for hearing is not reached, it shall be reset and given precedence over any subsequent appeal;

[15.]/16. The finding of the board will be announced in writing subsequent to the hearing. Parties will be notified by letter sent by certified mail. The finding will be made as provided in section 36.390(5), RSMo; and

[16.]/17. As appropriate and where no specific rule governs the issue, the Personnel Advisory Board will utilize the rules of the civil procedure for guidance.

**Title 12—DEPARTMENT OF REVENUE
Division 10—Director of Revenue
Chapter 23—Motor Vehicle**

PROPOSED AMENDMENT

12 CSR 10-23.255 Issuance of New and Replacement Vehicle Identification Numbers [Tabs—DR and DRX Numbers]. The director proposes to amend the title, purpose, sections (1)–(4), and delete section (5) and the Form 50, Application for DRX number, which accompanies this rule in Code.

PURPOSE: Section 301.380, RSMo, provides for the Department of Revenue to issue a special number to a motor vehicle or trailer when the manufacturer's number has been destroyed, removed, covered, altered, defaced or is unknown. This amendment requires law enforcement to inspect the motor vehicle or trailer and affix the number plate, provides for a new inspection form, and clarifies where the special number should be placed on a motorcycle or trailer.

PURPOSE: This rule clarifies the issuance of a Department of Revenue vehicle identification number [tabs] to motor vehicles and trailers which were never assigned a vehicle identification number plate by their manufacturer; have had a number destroyed, removed, covered or altered; or were reconstructed with various major component parts of other motor vehicles or trailers which have conflicting or different vehicle identification [number plate] numbers.

PUBLISHER'S NOTE: The secretary of state has determined that the publication of the entire text of the material which is incorporated by reference as a portion of this rule would be unduly cumbersome or expensive. This material as incorporated by reference in this rule shall be maintained by the agency at its headquarters and shall be made available to the public for inspection and copying at no more than the actual cost of reproduction. This note applies only to the reference material. The entire text of the rule is printed here.

(1) Upon certified application, the department may authorize the issuance of one (1) adhesive vehicle identification number (VIN) [tab] known as a **DR number** which shall be affixed by **authorized law enforcement** in an upright position to the inside facing of the driver's door adjacent to the number it is replacing on a motor vehicle; **on the front fork of a motorcycle**; or in a prominent, upright position on the left side [near the corner] of the tongue of a trailer; [and] which shall serve as the VIN of the motor vehicle or trailer.

(2) [Before the issuance of any VIN tab] **The Department of Revenue (department) shall require an inspection before issuing a DR number** to a motor vehicle[, a physical inspection of the motor vehicle to determine the need for a replacement vehicle identification number tab (DR Number) must be made] by an officer of a law enforcement agency approved by the department [for that purpose]. The inspecting officer shall certify the inspection on a Vehicle Examination Certificate provided by the department [and may retain a copy. The inspecting officer shall also provide a copy of the Vehicle Examination Certificate to the owner]. If the Vehicle Examination Certificate indicates conflicting VINs for the public VIN and the police VIN, and at least three (3) or more new or used major component parts have been used in reconstructing the vehicle, the department will issue a [replacement vehicle identification number tab (DR Number)] **DR number** for the inspecting officer to affix to the motor vehicle as described in section (1). **If a DR number is required but the applicant has not rebuilt or reconstructed the vehicle, the inspection may be completed on an Application for Vehicle/Trailer Identification Number Plate or Verification. The Vehicle Examination Certificate (revised 4-04) and the Application for Vehicle/Trailer**

Identification Number Plate or Verification (published 4-06), which have been incorporated by reference, are published by the Missouri Department of Revenue, PO Box 100, Jefferson City, MO 65105-0100. These forms do not include any amendments or additions to the revision/publication dates shown. The Vehicle Examination Certificate is available at all contract offices and the department's central office, or by mailing a written request to the Missouri Department of Revenue, PO Box 100, Jefferson City, MO 65105-0100. [(3) Before issuance of any VIN tab to the owner of a home-made trailer, the owner must present verification from an official Missouri Motor Vehicle Inspection Station that the trailer is indeed homemade. The certificate will describe the trailer as HMDE and record the VIN as NONE To obtain a DRX Number, the owner must submit the inspection certificate along with a completed Department of Revenue Form 50, Application for DRX Number.]

[(4)] (3) Before issuance of [any VIN tab] a **DR number** to the owner of a manufactured trailer, the need for a DR [N/]number must be established through inspection of the trailer by [a designated, official Motor Vehicle Inspection Station.] **an officer of a law enforcement agency approved by the department. The inspecting officer shall certify the inspection on an Application for Vehicle/Trailer Identification Number Plate or Verification provided by the department.** If the manufactured trailer does not have a VIN, [the inspection station will record UNKNOWN in the appropriate area on the inspection certificate. T]the department will issue, upon certified application for title by the owner, a DR [N/]number for the trailer. The DR [N/]number [tab] shall be affixed by [the owner] **authorized law enforcement** as described in section (1).

(4) If an inspection of a motor vehicle or trailer reveals the public number has been destroyed, removed, covered, altered, or defaced but the confidential number assigned by the manufacturer can be located, the department will issue a replacement number containing the original VIN assigned by the manufacturer.

[(5) If the make of a manufactured trailer cannot be determined by the inspection station, the station will record the make as UMFG on the inspection certificate. In addition, if the manufactured trailer lacks a VIN, the department will issue, upon certified application for title by the owner, a DRX Number for the trailer. The DRX Number tab shall be affixed by the owner as described in section (1).]

AUTHORITY: sections 301.020, RSMo Supp. 2005 and 301.380, RSMo [1986] 2000. Original rule filed March 21, 1986, effective July 11, 1986. Amended: Filed Oct. 6, 2006.

ORDER OF RULEMAKING

By the authority vested in the Public Service Commission under section 386.250, RSMo 2000, the commission amends a rule as follows:

4 CSR 240-3.545 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on June 15, 2006 (31 MoReg 902). The section with a change is reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: Leo Bub filed written comments for Southwestern Bell Telephone, L.P., d/b/a AT&T Missouri. John Idoux filed written comments for Embarq Missouri, Inc. and Embarq Communications, Inc. (collectively Embarq). Michael Dandino filed written comments for the Office of the Public Counsel. Larry Dority filed written comments for CenturyTel of Missouri, LLC and Spectra Communications Group, LLC d/b/a CenturyTel (collectively CenturyTel). Natelle Dietrich filed written comments for the Staff of the Missouri Public Service Commission. Those written comments support the proposed amendment of 4 CSR 240-3.545(16) to allow rate decreases for competitive telecommunications services on one (1) day's notice to the commission. Embarq recommended that additional tariff filings should be allowed on one (1) day's notice to the commission. At the public hearing held on July 20, 2006, Embarq's recommendation was discussed.

COMMENT: The five (5) commenters support the proposed amendment to allow rate decreases for competitive telecommunications services on one (1) day's notice rather than seven (7) day's notice because the amendment reflects that section 392.500, RSMo was amended by SB 237 to allow such rate decreases on one (1) day's notice to the commission.

RESPONSE: No changes have been made to the amendment as a result of these comments.

COMMENT: In addition to a decrease in rates or charges, section 392.500, RSMo and the proposed amendment also allow, on one (1) day's notice, a "proposed change in any classification or tariff resulting in a decrease in rates or charges" for a competitive telecommunications service. This staff suggests that this phrase needs clarification.

RESPONSE AND EXPLANATION OF CHANGE: This suggestion was explored at the hearing. The commission agrees the phrase requires clarification. The proposed amendment will be modified to provide clarification to the phrase and the rule.

COMMENT: Embark recommends the commission take this opportunity to review the notice requirements for all tariff changes including: (a) changes to the terms and conditions of existing services; (b) the introduction of new services; and (c) the elimination of existing services.

RESPONSE: Embark's recommendation is beyond the scope of this rulemaking. The notice of proposed rulemaking states that the commission is amending section (16) of 4 CSR 240-3.545. Section (16) implements section 392.500, RSMo. The notice of proposed rulemaking states as the purpose of the proposed amendment:

This rule is being modified to allow rate decreases for competitive telecommunications on one (1)-day's notice to create consistency with changes to Missouri's telecommunications laws.

As noted above, SB 237 had amended section 392.500 by shortening the minimum notice period for rate decreases for competitive telecommunications services from seven (7) days to one (1) day. No change has been made to the amendment as a result of this comment.

Title 10—DEPARTMENT OF NATURAL RESOURCES

Division 20—Clean Water Commission

Chapter 1—Organization

ORDER OF RULEMAKING

By the authority vested in the Clean Water Commission under section 644.026, RSMo 2000, the commission adopts a rule as follows:

10 CSR 20-1.020 Clean Water Commission Appeals and Requests for Hearings is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on June 1, 2006 (31 MoReg 851-852). No changes have been made in the text of the proposed rule, so it has not been reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: A public hearing on this proposed rule was held July 12, 2006 and public comment period ended July 19, 2006. At the hearing the Water Protection Program presented the proposed rule. Comments were made by Robert Brundage and William Bryan. A memo was attached from William Bryan. A letter was attached from Dan Sherburne, representing the Missouri Coalition for the Environment.

COMMENT: Robert Brundage with Newman, Comley & Ruth P.C. commented: "First of all, I want to point out that one thing the rule does not do, which I think confuses the matter, is that still present in the regulations in a different regulation, the 6.020 regulation, which is proposed—which there are no changes proposed to that—includes a lot of provisions on how appeals are filed. So I personally don't understand why that portion of rule was not combined with the proposed—what's proposed here in 1.020. Is that—my understanding this 1.020 is a brand new regulation, so I don't understand why they weren't put together. And I recommend they would be put together."

RESPONSE: We understand the concerns noted here. The 10 CSR 20-6.020(5)(C) and (6)(D) rules will be changed to be consistent with the proposed rule. The department believes the currently proposed rule, 10 CSR 20-1.020 Clean Water Commission Appeals and Requests for Hearings, to be consistent with Chapter 640, section 640.013 and the intent of the commissioner's core work group. The department will proceed with the necessary changes to the Chapter 6 rule under the commission's oversight. No changes have been made to this rule as a result of this comment.

COMMENT: Robert Brundage recommended the following: "I would recommend the Clean Water Commission try to lay out some parameters and some guidance for the Administrative Hearing Commission and yourself and for everybody who would consider filing an appeal, you know, who is adversely effected."

RESPONSE: As described in the hearing by Mr. Brundage and Mr. Bryan, the question of what an "affected party" is, or who has standing to take legal action, has been decided by the Missouri Supreme Court in a clean water law case. The department does not believe the commission may alter this court interpretation of statute by adding more specific qualifications in rule. No changes have been made to this rule as a result of this comment.

COMMENT: Robert Brundage commented, "It's been also my experience in the last six months with the appeals for the Administrative Hearing Commission that they basically do not impose any requirements on how an appeal must be addressed. At least in the Clean Water Commission regulations—and this is the regulation that you're not changing, or not proposing any changes to—the 6.020. It says in there that, you know, you're supposed to put the quote of reasons why the appellant believes the actions of the department or commission should be reversed or modified. Right now, the Administrative Hearing Commission is not even requiring that level, at least in my opinion."

RESPONSE: The new rule transfers responsibilities for conducting

hearings to the Administrative Hearing Commission (AHC). This proposed rule is not imposing requirements beyond what the AHC currently practices at this time, consistent with other commissions. No changes have been made to this rule as a result of this comment.

COMMENT: Robert Brundage indicated, "I'd like to see a regulation where it says whoever is filing the appeal must go first and present their evidence and then the Department go second."

RESPONSE: The department is the respondent in these matters. The respondent presents evidence first according to AHC rule 1 CSR 15-3.490(5). The department will comply with this requirement. No changes have been made to this rule as a result of this comment.

COMMENT: Robert Brundage commented on answering appeals, "Another matter is answers; the Administrative Hearing Commission has a rule that says that the Department of Natural Resources must file an answer to every appeal. In the past that's never been done. I don't necessarily have a problem with that, but I know the Attorney General's Office has struggled on what to put in an answer, especially when you're dealing with appeals that are not written very well and you don't know exactly what they're appealing. So you don't know exactly what to put in your answer. And that's been a challenge. And I think that the rule ought to say at least that the only thing you have to do is answer the specific obligations in the appeal."

RESPONSE: The department must file an answer that meets the requirements of 1 CSR 15-3.380. The answer will meet the requirements of that rule. While it may be difficult to respond to an appeal that does not specify the reasons for the appeal, the department will answer nonetheless and strive to identify the relevant issues as the appeal proceeds. No changes have been made to this rule as a result of this comment.

COMMENT: Robert Brundage commented, "The last thing at least I wanted to make you aware of is that the Administrative Hearing Commission has decided that they do not have statutory authority to render motions for summary judgments. They call them motions for summary determination, but it's the same thing as a summary judgment in a Circuit Court. Of course the Clean Water Commission can't do anything about that, you know, in regulation."

RESPONSE: The law directs the AHC to conduct a hearing and provide a recommendation to the commission. The AHC may include a recommendation to grant a motion to dismiss among its recommendations, but it must also conduct the hearing in a timely manner according to the law. The department understands this may cause hearings to occur that might have been avoided through a decision for summary judgment. The department appreciates the suggestion this part of the process might be streamlined. No changes have been made to this rule as a result of this comment.

Letter from the Missouri Coalition for the Environment:

COMMENT LETTER: The Missouri Coalition for the Environment comment letter provides commentary on the question of legal standing to appeal and recommended no changes in the draft rule.

RESPONSE: We appreciate all comments. No changes have been made to this rule as a result of this comment letter.

15 CSR 30-10.010 Definitions is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on August 1, 2006 (31 MoReg 1160). No changes have been made in the text of the proposed amendment, so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Elections Division received a total of nine (9) comments on the proposed amendment. Four (4) of the individuals submitting comments were Missouri local election authorities. Four (4) of the individuals submitting comments are associated with Missourians for Honest Elections (MHE). One (1) candidate for office on the Progressive Party ballot also submitted a general comment on the integrity of the election process.

The MHE commenters asked questions, expressed opinions about state and federal law and displayed general dissatisfaction with electronic voting systems.

COMMENT: Two (2) of the MHE commenters disagreed with the fiscal impact statements alleging that the cost to public and private entities would be more than five hundred dollars (\$500).

RESPONSE: The commenters did not provide any data in support of their allegations. No changes were made to the proposed amendment in response to these comments.

COMMENT: Three MHE commenters provided observations on selected definitions in 15 CSR 30-10.010. Two (2) objected to the definition of "Accessible voting station," expressing their opinion that no device meets the criteria.

RESPONSE: The secretary of state (SOS) has used widely accepted and distributed definitions from the federal Voluntary Voting Systems Guidelines (VVSG) to assure consistency with federal testing and regulatory guidelines. No changes were made to the proposed amendment in response to these comments.

COMMENT: One (1) MHE commenter requested additional definitions for the terms "accumulate votes" and "electronic medium."

RESPONSE: The definitions, as described in the previous response, are taken from accepted federal definitions. No changes were made to the proposed amendment in response to this comment.

COMMENT: Three (3) MHE commenters made statements and asked questions regarding the proposed amendment that included a desire for archival quality paper stock for recording votes.

RESPONSE: Paper stock used during an election is required to be kept, at most, for twenty-two (22) months in a sealed container. Archival stock is neither practical nor necessary. No changes were made to the proposed amendment in response to these comments.

COMMENT: Three (3) MHE commenters made statements and asked questions regarding the proposed amendment that included a report that poll workers in a particular jurisdiction did not understand equipment requirements.

RESPONSE: Poll worker training issues are not addressed in these regulations. The suggestions will be shared with local election authorities. No changes were made to the proposed amendment in response to these comments.

COMMENT: Three (3) MHE commenters made statements and asked questions regarding the proposed amendment that included a question as to whether system counters had "ever" been changed.

RESPONSE: System counters count only the number of ballots cast (not votes) so that election workers can reconcile the number of ballots cast to the number of voters who sign the poll book. No changes were made to the proposed amendment in response to these comments.

COMMENT: Three (3) MHE commenters made statements and asked questions regarding the proposed amendment that included a question as to whether the SOS would consider changing the equipment it will certify in the future.

RESPONSE: The SOS will continue its statutory responsibility to certify voting equipment according to state and federal law. No changes were made to the proposed amendment in response to these comments.

COMMENT: Three (3) MHE commenters made statements and asked questions regarding the proposed amendment that included a request for precinct counters to alert voters to overvotes.

RESPONSE: Precinct counters currently alert voters to overvotes, as required by federal guidelines not covered in these rules. No changes were made to the proposed amendment in response to these comments.

COMMENT: Three (3) MHE commenters made statements and asked questions regarding the proposed amendment that included questions as to the "legal" definition of "ballot."

RESPONSE: Legal definitions are those that are defined by statutes or regulations. The SOS has taken care to use widely accepted definitions that do not constrain the local election authority's ability to conduct accurate and efficient elections. No changes were made to the proposed amendment in response to these comments.

No changes have been made in the text of the proposed amendment so it is not reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Elections Division received a total of nine (9) comments on the proposed amendment. Four (4) of the individuals submitting comments were Missouri local election authorities. Four (4) of the individuals submitting comments are associated with Missourians for Honest Elections (MHE). One (1) candidate for office on the Progressive Party ballot also submitted a general comment on the integrity of the election process.

The MHE commenters asked questions, expressed opinions about state and federal law and displayed general dissatisfaction with electronic voting systems.

COMMENT: Two (2) of the MHE commenters disagreed with the fiscal impact statements alleging that the cost to public and private entities would be more than five hundred dollars (\$500).

RESPONSE: The commenters did not provide any data in support of their allegations. No changes were made to the proposed amendment in response to these comments.

COMMENT: One (1) commenter expressed an opinion that the emergency statement for emergency rule 15 CSR 30-10.020 was not strong enough and advocated open source codes and the requirement that voting system manufacturers' source codes be reviewed by qualified nonpartisan citizen organizations.

RESPONSE: The rule requires voting system manufacturers to provide system source codes for examination by a committee appointed by the secretary of state. The members of the committee represent a variety of election and technical experts, advocacy groups and citizen organizations. No changes to the proposed amendment were made in response to this comment.

COMMENT: One (1) MHE commenter posed several questions regarding the secretary of state's monitoring of federal testing authority processes and procedures.

RESPONSE: The questions posed by this commenter do not address specific aspects of these regulations. No changes to the proposed amendment were made in response to that comment.

COMMENT: One (1) MHE commenter stated her opinion that federal law did not require removal of punchcard voting systems and

requested that paper ballots be “certified” for use in Missouri counties that choose to use them.

RESPONSE: In response to the request for paper ballot “certification,” the secretary of state responds that this administrative rule addresses electronic voting systems. This rule, in and of itself, does not preclude any Missouri jurisdiction from using paper ballots. No changes to the proposed amendment were made in response to this comment.

RESPONSE: The commenters did not provide any data in support of their allegations. No changes were made to the proposed rule in response to these comments.

COMMENT: Two (2) MHE commenters alleged that particular assistive devices were absent from polling places for use by voters with disabilities. It is unknown whether the devices were actually absent or were simply not observed.

RESPONSE AND EXPLANATION OF CHANGE: To insure that an adequate number of assistive devices are provided at each polling place for use with all accessible voting systems, changes were made to section (5) of the proposed rule which explicitly added assistive devices, such as sip-and-puff input devices and headphones, to the list of items to be delivered to each polling place.

COMMENT: One (1) MHE commenter stated that the number of optical scan ballots and scanners must be adequate to serve the voters.

RESPONSE: The number of ballots provided to each polling place is governed by section 115.247, RSMo. No changes were made to the proposed rule in response to this comment.

COMMENT: One (1) MHE commenter stated that poll workers should not take voting equipment home with them overnight.

RESPONSE: Although that is apparently a common practice in other states, it is not common practice in Missouri for poll workers to take voting equipment home with them. No changes were made to the

proposed rule in response to this comment.

RESPONSE AND EXPLANATION OF CHANGE: In response to this comment the last sentence of section (6) was amended.

COMMENT: Three (3) local election authorities commented that 15 CSR 30-10.150(8) should be amended to account for circumstances in which the paper cast vote record was unreadable.

RESPONSE AND EXPLANATION OF CHANGE: In response to this comment section (8) was amended by adding a sentence to the end of the section.

COMMENT: One (1) MHE commenter expressed the opinion that the provisions in section (2) of this rule for handling “abandoned ballots” were unnecessary.

SUMMARY OF COMMENTS: The Elections Division received a total of nine (9) comments on the proposed rule. Four (4) of the individuals submitting comments were Missouri local election authorities. RESPONSE: The commenters did not provide any data in support of their allegations. No changes were made to the proposed rule in response to these comments.

COMMENT: Two (2) local election authorities commented that 15 CSR 30-10.150(8) should be amended to account for circumstances in which the paper cast vote record was unreadable.

RESPONSE AND EXPLANATION OF CHANGE: In response to this comment section (8) of 15 CSR 30-10.160 was also amended by adding the phrase “audit trail tapes” to the items that are kept secured until they must be unsealed to be hand counted.

COMMENT: Three (3) local election authorities commented that clarification was needed in 15 CSR 30-10.160(7) to ensure the preservation of election results stored on memory components in the system.

RESPONSE AND EXPLANATION OF CHANGE: In response to these concerns, a sentence was added to section (7).

COMMENT: One (1) local election authority suggested eliminating the requirement for post-election Logic and Accuracy Testing because the new equipment makes it a lengthy and burdensome process and in the most recent election, relatively few votes were cast on most DREs.

RESPONSE: Post-election Logic and Accuracy Testing is necessary to ensure confidence in the new voting systems. No changes to the proposed rule were made.

COMMENT: The MHE commenters recommended that candidates, representatives of organizations and the general public be permitted to attend the ballot counting process.

15 CSR 30-10.160 Electronic Ballot Tabulation—Election Procedures (DREs and Precinct Counters)

(7) Prior to certification of the election results, the accuracy and certification team shall tabulate the same set of votes used in the pre-election internal logic and accuracy test performed pursuant to 15 CSR 30-10.140(6) on each memory component used at the polling locations to tabulate votes on DREs and precinct counters. This section shall not apply to any memory component on which election results are stored.

(8) The paper cast vote records, audit trail tapes and ballots shall be kept secured until they must be unsealed to be hand counted in the post-election verification of electronic results pursuant to 15 CSR 30-10.110 or until they must be unsealed to be hand counted when a manual recount of votes is ordered. They shall only be unsealed in the presence of bipartisan teams which shall verify that the seal is intact, before the seal is broken and which shall reseal the containers in such a manner that if the container is opened, the seal will be broken beyond repair after the post-election audit or the manual recount is complete. When sealing and unsealing the containers, the members of the bipartisan teams shall verify the seal numbers by their signatures on a log sheet designed for that purpose.

Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES

Division 15—Division of Senior and Disability Services Chapter 7—Service Standards

ORDER OF RULEMAKING

By the authority vested in the Department of Health and Senior Services under section 660.050, RSMo Supp. 2005, the department amends a rule as follows:

19 CSR 15-7.021 is amended.

A notice of proposed rulemaking containing the text of the proposed amendment was published in the *Missouri Register* on July 3, 2006 (31 MoReg 989-994). Those sections with changes are reprinted here. This proposed amendment becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Department of Health and Senior Services received two (2) letters of comments, both of which were from statewide associations that represent providers of in-home services.

COMMENT: The department received two (2) comments recommending a change in the proposed language in section (8) regarding other individuals or entities that may be held responsible for providing certain chore services.

RESPONSE: After careful review, the department believes the proposed language more clearly follows applicable federal guidelines for chore services than the alternative language suggested in the comments. No changes have been made to the rule as a result of this comment.

COMMENT: The department received two (2) comments asking for clarification in section (17) that nurse visits are billed on a per visit basis rather than in fifteen (15)-minute increments.

RESPONSE: Nurse visits are addressed in 13 CSR 70-91.010 Personal Care Program. The service is not further addressed within this rule and therefore the billing increments described in this rule do not apply to nurse visits. No changes have been made to the rule as a result of this comment.

COMMENT: The department received two (2) comments recommending that language in subsection (18)(X) be changed to clarify employer responsibility for the safety of employees and to delete specific requirements relating to protection of employees.

RESPONSE AND EXPLANATION OF CHANGE: Subsection (18)(X) will be changed to substitute the word “promote” for “ensure” in the first sentence. With this change, providers will be required to have established policies to promote the safety of their employees. The department strongly believes 1) that providers should make available public information sources so their employees will be able to evaluate possible threats to their own safety, and 2) providers should take steps to protect employees while continuing to provide services to the department’s clients, when possible. The remainder of subsection (18)(X) has not been changed.

COMMENT: The department received two (2) comments asking for clarification of the language regarding the requirement for employers to conduct criminal background checks.

RESPONSE AND EXPLANATION OF CHANGE: Subsection (24)(D) will be changed to accurately reflect the intent of the department in regard to documentation of completion of background checks.

COMMENT: Department staff noted that the reference to section 660.050, RSMo 2000 in the Authority section was incorrect since the statute was amended in 2001 and is included in the 2005 Supplement to the *Revised Statutes of Missouri*. The reference should have stated “section 660.050, RSMo Supp. 2005.”

RESPONSE AND EXPLANATION OF CHANGE: The Authority section of the rule will be changed to reference the most recent version of the statute.

19 CSR 15-7.021 In-Home Service Standards

(18) The in-home service provider shall meet, at a minimum, the following administrative requirements:

(X) Have established policies to promote the safety of its employees. The provider shall make available to its employees information about and access to public information sources to determine whether a client, family member, or other person living in the household may pose a potential danger to its employees. Public information includes, but is not limited to, the Missouri State Highway Patrol’s Sex Offender Registry and the Missouri State Courts Automated Case Management System. If an employee has a reasonable belief that a client, family member, or other person living in the household poses a potential danger to the employee, the provider shall document all necessary steps taken to protect the employee, which may include but is not limited to:

1. Obtaining a signed agreement from the client, family member, or other person living in the household not to engage in inappropriate activity involving the provider’s employees;

2. Seeking approval from the division to send two (2) provider employees for service delivery;

3. Requiring that a third party approved by the provider, the division, and the client or client’s designee be present on-site while the employee is on the premises;

(24) The in-home service provider shall maintain, at a minimum, the following records in a central location for five (5) years. Records must be provided to the department staff or designees upon request, and must be maintained in a manner that will ensure they are readily available for monitoring or inspection. Records include:

(D) Documentation of each Employee Disqualification List (EDL) and criminal background screening sufficient to show the identity of the person who was screened, the dates the screening was requested and completed, and the outcome of the screening. Providers that use the Family Care Safety Registry (FCSR) to conduct EDL and criminal background screenings shall maintain documentation of each

FCSR screening sufficient to show the identity of the person who was screened, the dates the screening was requested and completed, and the outcome of the screening.

AUTHORITY: section 660.050, RSMo Supp. 2005. This rule previously filed as 13 CSR 15-7.021. Original rule filed Sept. 1, 1994, effective April 30, 1995. Amended: Filed Dec. 15, 1997, effective July 30, 1998. Moved to 19 CSR 15-7.021, effective Aug. 28, 2001. Amended: Filed Sept. 14, 2001, effective April 30, 2002. Amended: Filed June 1, 2006.

Title 20—DEPARTMENT OF INSURANCE, FINANCIAL INSTITUTIONS AND PROFESSIONAL REGISTRATION

Division 200—Insurance Solvency and Company Regulation

Chapter 18—Warranties and Service Contracts

ORDER OF RULEMAKING

By the authority vested in the director of the Missouri Department of Insurance, Financial Institutions and Professional Registration, under section 374.045, RSMo 2000, the director adopts a rule as follows:

20 CSR 200-18.010 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on August 1, 2006 (31 MoReg 1166–1173). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: Comments were received from the Insurance Solvency and Company Regulation Division (the division) of the Department of Insurance, Financial Institutions and Professional Registration (the department) and from the Service Contract Industry Council (the council) and the National Risk Retention Association (NRRA). Although comments were generally supportive of the proposed rule, two (2) comments suggested modifications to the proposed rule:

COMMENT 1: The division suggested removing the appendices and replacing the references to each appendix with references to forms provided by the department, because the forms printed as appendices were incorrect in some minor respects and because the department may need to make non-substantive changes to the forms from time-to-time and should be allowed to do so without the necessity of publishing a proposed change to the rule.

RESPONSE AND EXPLANATION OF CHANGE: The director of the department agrees with this comment and has changed the proposed rule accordingly.

COMMENT 2: The council requested a clarification of the term “provider” so that only those persons accepting risk on a service contract would be considered a provider.

RESPONSE AND EXPLANATION OF CHANGE: The director of the department agrees with this comment and has changed the proposed rule accordingly.

Division 200—Insurance Solvency and Company Regulation

20 CSR 200-18.010 Registration of Service Contract Administrators

(1) Each “administrator,” as that term is used in sections 407.1200 to 407.1227, RSMo, shall register with the director by completing and filing a Service Contract Administration Registration on a form provided by the director and in accordance with the instructions contained therein. Effective January 1, 2007, each administrator is required to register at the following times:

(A) Before administering any “service contract,” as that term is used in sections 407.1200 to 407.1227, RSMo, unless such administration occurs in January 2007, in which case registration must occur between January 1 and February 1 of 2007; and

(B) Annually thereafter between January 1 and February 1.

(2) Each completed and filed registration form must be accompanied by:

(B) A completed provider exhibit, on a form provided by the director and in accordance with the instructions contained therein, for each provider, including the registering administrator if the administrator is also a provider, on behalf of whom the administrator is or will be administering any service contract. Each provider exhibit shall be accompanied by the surety bond or the guaranty in the form set forth in Appendices A and B to rule 20 CSR 200-18.020 of this chapter, if the provider’s assurance of the faithful performance of its obligations to its contract holders includes a surety bond or guaranty.

(4) Copies of the Service Contract Administrator Registration and Provider Exhibit forms may be obtained from the director at: Attention: Admissions Specialist, Department of Insurance, Financial Institutions and Professional Registration, PO Box 690, Jefferson City, MO 65102.

(5) For purposes of this rule and rule 20 CSR 200-18.020, the term “provider” refers only to the party that is contractually obligated to provide service under a motor vehicle extended service contract. Such term does not refer to an administrator or seller of the product that is not so obligated.

Title 20—DEPARTMENT OF INSURANCE, FINANCIAL INSTITUTIONS AND PROFESSIONAL REGISTRATION

Division 200—Insurance Solvency and Company Regulation

Chapter 18—Warranties and Service Contracts

ORDER OF RULEMAKING

By the authority vested in the director of the Missouri Department of Insurance, Financial Institutions and Professional Registration, under section 374.045, RSMo 2000, the director adopts a rule as follows:

20 CSR 200-18.020 is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published in the *Missouri Register* on August 1, 2006 (31 MoReg 1174-1180). Those sections with changes are reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: Comments were received from the Insurance Solvency and Company Regulation Division (the division) of the Department of Insurance, Financial Institutions and Professional Registration (the department) and from the Service Contract Industry Council (the council) and the National Risk Retention Association (NRRA). Although comments were generally supportive of the proposed rule, two (2) comments suggested modifications to the proposed rule:

COMMENT 1: The council suggested deducting items of “dealer commission, administrator fees, and provider profit and contingency” from the amounts paid by or on behalf of the service contract holder when calculating the numerator of the formula used to calculate the partial reserve account balance required for providers using a reimbursement insurance policy with a deductible to satisfy finan-

cial responsibility requirements, because such items are not typically included in reserving for expected losses.

RESPONSE AND EXPLANATION OF CHANGE: The director rejects this suggestion. Although such items are generally deducted from calculation of required reserves for losses, such items are not directly taken into consideration in the statutory formula for fully funded reserve accounts in section 407.1203.3(2)(a), RSMo. Instead, the statutory formula indirectly takes such items into consideration by requiring the reserves be based on only a minimum of forty percent (40%) of the gross considerations received, thereby freeing up to sixty percent (60%) of gross considerations received for payment of expenses like the items noted in this comment. That the statutory formula indirectly takes into account the payment of these expenses would make express reference to such expenses redundant. The rule as proposed adopts the statutory formula but allows for the formula to be applied only to the net considerations received (namely the gross considerations received less the premiums paid for the reimbursement policy with the deductible). Accordingly, the proposed rule, like the statute, indirectly takes into account such items.

COMMENT 2: The council and the NRRA recommended allowing registered risk retention groups (RRGs) to be considered authorized insurers for purposes of satisfying financial responsibility requirements of providers who use a reimbursement insurance policy. The council cited the case of *National Warranty Insurance Company RRG v. Greenfield*, 214 F.3d 1073 (9th Cir. 2000), in support of this recommendation.

RESPONSE AND EXPLANATION OF CHANGE: The director accepts these comments in part and rejects them in part.

In the *National Warranty Insurance Company* case, the court noted that the Federal Liability Risk Retention Act generally preempted many state insurance law requirements, but did allow states to dictate acceptable means of demonstrating financial responsibility subject only to the requirement that such financial responsibility not discriminate against RRGs. The court held the Oregon’s service contract law could not categorically exclude all insurance coverage from RRGs through its requirement that an insurer offered as meeting the financial responsibility requirements possess a certificate of authority. The certificate of authority requirement was found to be discriminatory against RRGs because federal law expressly denies to RRGs permission to become a member of a state insurance guaranty association. Membership in a state insurance guaranty association is a requirement of obtaining a certificate of authority in Oregon (as well as in most other states including Missouri). Thus, no RRG could ever obtain a certificate of authority and the court ruled that on account of the legal inability to obtain a certificate of authority, the Oregon service contract law discriminated against all RRGs.

Based on these comments and the *National Warranty Insurance Company RRG* case, the director accepts the comments to the extent that the financial responsibility rules for service contract providers cannot discriminate against RRGs. Accordingly, the director has modified the rule to allow an RRG to satisfy the financial responsibility requirements, if the RRG meets certain relevant, non-discriminatory financial standards.

COMMENT: The council further stated at the hearing that certain financial standards, such as a requirement for application of statutory accounting principles, might still violate the anti-discrimination provisions of the Federal Liability Risk Retention Act because states are generally prohibited from imposing such accounting principles on RRGs and because most, if not all, RRGs, do not apply statutory accounting principles. See, e.g., 15 U.S.C. section 3902(a)(1) (a risk retention group is generally exempt from any State law, rule, regulation, or order to the extent that such law, rule, regulation, or order would “. . . make unlawful, or regulate, directly or indirectly, the operation of a risk retention group. . .”).

RESPONSE: The director of the department disagrees with such statement.

Although the federal act generally preempts state laws that would apply statutory accounting principles and other financial standards to RRGs, the federal act, 15 U.S.C. section 3905(d), specifically permits states to apply requirements to RRGs that are offered as satisfying the state's financial responsibility requirements, subject only to the non-discrimination requirement of 15 U.S.C. section 3902(a)(4). Thus, the general preemption provisions of 15 U.S.C. section 3902(a)(1) do not apply to a state's financial responsibility requirements.

The statutory accounting principles, as well as the other financial standards stated in the rule as modified in response to this comment, are requirements that will apply with equal vigor to insurance companies with a certificate of authority and to RRGs. Unlike federally prohibited membership in a state insurance guaranty fund, an RRG's adherence to statutory accounting principles and the other financial standards is a matter of choice and not a legal impossibility. Accordingly, the financial standards will meet the nondiscrimination requirement of 15 U.S.C. section 3905(d).

Absent the application of such non-discriminatory financial standards, the use of RRGs would likely allow service contract providers effectively to evade the consumer protection afforded by the financial responsibility requirements specifically permitted by the federal act. The consistent application of statutory accounting principles is necessary for meaningful comparison of financial condition of the insurance claims-paying ability of all insurance companies, including RRGs. Other accounting principles do not have as their primary focus the ability to discharge insurance claims when due. Other requirements, such as surplus and deposit requirements, likewise provide a legislatively determined margin against error and undue optimism.

National Warranty Insurance Company RRG, the respondent in the case cited by the council, has become bankrupt and has failed to discharge all claims against the service contract reimbursement policies it issued. National Warranty Insurance Company RRG thus has provided not only an example of controlling case law, but also an example of consumer harm occasioned by the lack of nondiscriminatory financial standards for insurance companies providing financial responsibility for service contract providers. Perhaps the considerable consumer harm caused by the bankruptcy of that RRG would have been avoided had it been subject to non-discriminatory financial standards such as are applied by this rule.

The final version of the proposed rule follows this Summary of Comments. The appendices and the fiscal notes are not reprinted here.

Division 200—Insurance Solvency and Company Regulation

20 CSR 200-18.020 Faithful Performance of a Provider's Obligations to its Contract Holder

(2) To assure the faithful performance of a provider's obligations to its contract holders:

(A) Each provider electing to insure all service contracts under a reimbursement insurance policy, as set forth in section 407.1203.3(1), RSMo, and subsection (1)(A) of this rule, shall comply with the following requirements:

1. Any such policy shall be issued by an insurance company authorized to transact insurance in this state. As used in this paragraph, the term "insurance company authorized to transact insurance in this state" means either an insurance company with a valid certificate of authority from the director to transact liability insurance or a financially responsible risk retention group (RRG). A financially responsible risk retention group (RRG), is any RRG that meets each of the following requirements:

A. Such RRG is registered with the director pursuant to sections 375.1080-375.1105, RSMo.

B. Such RRG files with the director its most recent sworn annual statement reporting at a minimum its balance sheet (assets and liabilities, surplus and other funds), income statement or statement of

profit and loss (summary of operations), and cash flow statement, which annual statement:

(I) Was prepared with the consistent application of statutory accounting principles, as shown by the National Association of Insurance Commissioner's (NAIC's) *Accounting Practices and Procedures Manual* as provided in 20 CSR 200-1.020, with only those deviations from such principles as are commonly allowed insurance companies which possess a certificate of authority from the director to transact liability insurance; and

(II) Has been, within five (5) years after the "as of" date of such annual statement, examined by this department or any other state insurance regulatory authority which was, at the time of the examination, accredited pursuant to the Financial Regulation Standards and Accreditation Program of the NAIC; and

(III) Shows that on the basis of such statutory accounting principles, the RRG maintains at least \$1,600,000 in surplus as regards policyholders, has deposited with the insurance regulatory authority of its state of domicile for the security of all its policyholders and creditors cash or securities valued at no less than eight hundred thousand dollars (\$800,000), and is not in a hazardous financial condition;

2. Either:

A. No such policy may have any deductible or retention payable by the policyholder or claimant under the policy; or

B. To the extent that any such policy has a deductible or retention payable by the policyholder or claimant under the policy, the provider must either:

(I) Maintain a funded reserve account and place in trust with the director a financial security deposit as provided in section 407.1203.3(2)(a) and (b), RSMo, and this rule, for the difference between the amount paid by or on behalf of the service contract holder for the service contract and the amount paid by or on behalf of the provider for the reimbursement insurance policy; or

(II) Maintain a net worth of at least that percentage of one hundred (100) million dollars which is determined by dividing the difference between the total amount paid by or on behalf of all service contract holders for the service contracts insured under the reimbursement insurance policy and the total amount paid by or on behalf of the provider for the reimbursement insurance policy by the total amount paid by or on behalf of all service contract holders for the service contracts insured under the reimbursement insurance policy and provide the information required under section 407.1203.3(3)(b), RSMo.

(C) Each provider placing in trust with the director a financial security deposit, as set forth in section 407.1203.3(2)(b), RSMo, and subsection (1)(B) of this rule, shall comply with the following requirements:

1. The amount of such deposit shall at least equal the greater of five percent (5%) of the gross consideration received, less claims paid, on the sale of all service contracts issued and in force or twenty-five thousand dollars (\$25,000); and

2. To the extent, if any, that such deposit consists of:

A. Cash or securities as permitted by section 407.1203.3(2)(b)b or c, RSMo, such deposit shall be made with the same depository and upon the same terms and conditions as the capital deposits of insurance companies domiciled in this state, except that the amount of the deposit will be determined by the provisions of section 407.1203.3(2)(b), RSMo and this rule;

B. A surety bond, as provided in section 407.1203.3(2)(b)a, RSMo, that shall be acceptable only if the bond is completed on the form included herein as Appendix A to this rule and filed with the director along with the provider's completed provider exhibit; or

C. A letter of credit, as provided in section 407.1203.3(2)(b)e, RSMo, that shall comply with the following requirements:

(I) The letter of credit must be issued by a "qualified financial institution" as defined in section 375.246.3(1), RSMo, or such other financial institution as specifically approved in writing by the director; and

(II) The terms of the letter of credit must comply with the terms and conditions for letters of credit stated in subsections (A), (B), (C) and (D) of section (9) of 20 CSR 200-2.100, including, but not limited to, the requirements that such letter of credit be clean, irrevocable and unconditional, except that the beneficiary shall be the director and his or her successors in office.

(D) Each provider maintaining a net worth of one hundred (100) million dollars and establishing such net worth through the provider's parent company, as set forth in section 407.1203.3(3)(b), RSMo, and subsection (1)(C) of this rule, shall comply with the following requirements with respect to the guaranty of the parent company:

1. The guaranty shall be in writing in the form included herein as Appendix B to this rule; and

2. The guaranty shall be filed with the director along with the provider's completed provider exhibit.

Title 20—DEPARTMENT OF INSURANCE, FINANCIAL INSTITUTIONS AND PROFESSIONAL REGISTRATION

Division 1100—Division of Credit Unions Chapter 2—State-Chartered Credit Unions

ORDER OF RULEMAKING

By the authority vested in the director of the Division of Credit Unions under section 370.100, RSMo 2000, the director adopts a rule as follows:

20 CSR 1100-2.075 Mergers and Consolidations is adopted.

A notice of proposed rulemaking containing the text of the proposed rule was published as 4 CSR 100-2.075 in the *Missouri Register* on July 17, 2006 (31 MoReg 1058-1061). No changes have been made in the text of the proposed rule, so it is not reprinted here. This proposed rule becomes effective thirty (30) days after publication in the *Code of State Regulations*.

SUMMARY OF COMMENTS: The Division of Credit Unions received four (4) comments on the proposed rule.

COMMENT: The Missouri Credit Union Association submitted a comment in support of the proposed rule.

RESPONSE: The Missouri Division of Credit Unions appreciates the comment from the Missouri Credit Union Association.

COMMENT: Alliance Credit Union submitted a comment in support of the proposed rule.

RESPONSE: The Missouri Division of Credit Unions appreciates the comment from Alliance Credit Union.

COMMENT: Anheuser-Busch Employees' Credit Union submitted a comment for informational purposes. Anheuser-Busch Employees' Credit Union is concerned that a credit union may elect not to consider a merger or consolidation because the requirements may appear to be overwhelming.

RESPONSE: The Missouri Division of Credit Unions appreciates the comment from Anheuser-Busch Employees' Credit Union. The Missouri Division of Credit Unions does not feel that the rule would prevent a necessary merger from occurring.

COMMENT: The Missouri Bankers Association submitted a comment in opposition of the proposed rule. The Missouri Bankers Association feels that the proposed rule should include provisions that require compliance with field of membership limitations on credit unions so that the surviving credit union is only a community group or the other category, including association or employer group. Also, the resulting area of a geographic area credit union should

include only persons who reside or work in a well-defined local neighborhood, community or rural district as limited by law.

The Missouri Bankers Association also recommended that subsections (8)(E) and (23)(E) should be amended to state, "provided however, the words 'contrary to law' shall include any court decision that voids or invalidates a law or regulation that has permitted the credit union to expand as a geographic credit union, until that court decision is finally resolved."

The Missouri Bankers Association also recommended a change to subsection (29)(E). However, it is assumed they intended the recommendation to be to subsection (20)(G) and section (29) based on the wording they recommended. They request the words "limited potential of growth" needed for the director to waive a membership vote to be strictly construed against the credit union desiring the waiver. **RESPONSE:** The Missouri Division of Credit Unions appreciates the comments from the Missouri Bankers Association. The Missouri Division of Credit Unions feels that the surviving credit union assumes all of the merging credit unions' rights, privileges, immunities and franchises. The Missouri Division of Credit Unions agrees with the Missouri Bankers Association in that the words "limited potential of growth" should be strictly construed when deciding on a waiver of a membership vote. A waiver has been and will continue to be only granted when the credit union is in a state of serious difficulty.

NOTE: As a result of Executive Order 06-04, the Division of Credit Unions is transferring from the Department of Economic Development to the Department of Insurance, Financial Institutions and Professional Registration. The effective date of this transfer was August 28, 2006. The proposed rule appeared in the *Missouri Register* on July 17, 2006 under Title 4 and Division 100 under the Department of Economic Development.

Background

The individuals listed in this notice have recently filed applications requesting MoDOT to issue SPE Certificates to exempt them from the physical qualification requirements relating to vision in 49 CFR 391.41(b)(10), or to diabetes in 49 CFR 391.41(b)(3), which otherwise apply to drivers of CMVs in Missouri intrastate commerce.

Under section 622.555, *Missouri Revised Statutes* (RSMo) Supp. 2005, MoDOT may issue a Skill Performance Evaluation Certificate, for not more than a two (2)-year period, if it finds that the applicant has the ability, while operating CMVs, to maintain a level of safety that is equivalent to or greater than the driver qualification standards of 49 CFR 391.41. Upon application, MoDOT may renew an exemption upon expiration.

Accordingly, the agency will evaluate the qualifications of each applicant to determine whether issuing a SPE Certificate will comply with the statutory requirements and will achieve the required level of safety. If granted, the SPE Certificate is only applicable to intrastate transportation wholly within Missouri.
